Pre-Medicine Academic Enhancer Graduate Programs Offered by the Department of Anatomy and Regenerative Biology of the GW School of Medicine and Health Sciences

**Option 1: Graduate Certificate Program in Anatomical and Translational Sciences (GCATS)**

- Apply to GCATS
- Apply to Medical Schools
- Interviews
- Matriculation (Med School)
- GCATS Graduation

- Spring 2014
- Summer 2015
- GCATS Fall 2015
- GCATS Spring 2016
- Medical School (Fall 2016)

- Microscopic Anatomy
- Embryology
- Special Topics in Regenerative Medicine
- Translational Research
- Gross Anatomy
- Special Projects in Anatomy
- Neuroanatomy
- Special Topics in Regenerative Medicine
- Translational Research

**Option 2: Master of Sciences in Anatomical and Translational Sciences (M-ATS)**

- Apply to M-ATS
- MCAT Preparation
- MCAT Exam
- Apply to Medical Schools
- Interviews
- Matriculation (Med School)
- M-ATS Graduation

- Spring 2015
- M-ATS Fall 2015
- M-ATS Spring 2016
- Summer 2016
- M-ATS Fall 2016
- M-ATS Spring 2017
- Medical School (Fall 2017)

- Microscopic Anatomy
- Embryology
- Special Topics in Regenerative Medicine
- Translational Research
- Gross Anatomy
- Special Projects in Anatomy
- Neuroanatomy
- Special Topics in Regenerative Medicine
- Translational Research
- Stem Cell Biology & System Physiology
- Genomic Medicine
- Pharmacology I
- Pharmacology II
- Pharmacogenomics
- & Personalized Medicine
- Bioinformatics
- Ethics for Translational Research
