

# Pre-Medicine Academic Enhancer Graduate Programs Offered by the Department of Anatomy and Regenerative Biology of the GW School of Medicine and Health Sciences

## Option 1: Graduate Certificate Program in Anatomical and Translational Sciences (GCATS)

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>• Microscopic Anatomy</li> <li>• Embryology</li> <li>• Special Topics in Regenerative Medicine</li> <li>• Translational Research</li> </ul> | <ul style="list-style-type: none"> <li>• Gross Anatomy</li> <li>• Special Projects in Anatomy</li> <li>• Neuroanatomy</li> <li>• Special Topics in Regenerative Medicine</li> <li>• Translational Research</li> </ul> |
|--|---|

## Option 2: Master of Sciences in Anatomical and Translational Sciences (M-ATS)

- |  |   |   |  |
