Interfaces of Learning Objectives and Teaching Strategies

**Cognitive Processing Level**

1. **Comprehend**
   - Classify
   - Describe
   - Discuss
   - Explain
   - Identify
   - Illustrate
   - Interpret
   - Perform
   - Practice
   - Relate

2. **Remember**
   - Define
   - List
   - Recall
   - Record
   - Repeat

3. **Teaching Strategies Related to Learning Objectives**
   - Cases
   - Demonstrations
   - Lab
   - Practice problems
   - Peer teaching
   - Practice test
   - Presentations
   - Questions
   - Reports
   - Review
   - Writing

**Learning Objectives**

1. **Apply**
   - Contrast
   - Criticize
   - Revise
   - Select

2. **Analyze**
   - Compare
   - Evaluate
   - Judge
   - Measure

3. **Evaluate**
   - Create
   - Design
   - Formulate
   - Generate
   - Hypothesize
   - Integrate
   - Plan
   - Prepare
   - Propose

**Create**

- Assemble
- Compose
- Construct
- Develop plans
- Problems
- Simulations

1. **Deconstruct**
   - Diagram

2. **Diagram**
   - Differentiate
   - Distinguish
   - Question
   - Value

3. **Decompose**
   - Debate
   - Deconstruct
   - Diagram

1. **Case studies**
   - Critiques
   - Peer assessments
   - Reflection
   - Self assessments
   - Simulations
   - Test
