This multi-level dual degree program offers academically qualified individuals a seamless and accelerated pathway for completing both the Bachelor of Science in Health Sciences (BSHS) in Clinical Management & Leadership, a degree completion program, and the Master of Science in Health Sciences (MSHS) in Health Care Quality (HCQ). Undergraduate and graduate degrees will be conferred sequentially, with the BSHS awarded upon completion of 120 credits (9 of which are taken for graduate credit). The MSHS is awarded following completion of an additional 27 credits of graduate coursework.

The undergraduate CML Program prepares professionals from a variety of clinical disciplines for positions in all sectors of the health care delivery system. The graduate HCQ Program enables professionals to advocate for a quality-focused health care culture through conducting research, evaluating patient safety, and utilizing data to improve operations.

Curricula

**BSHS IN CLINICAL MANAGEMENT & LEADERSHIP**
The BSHS with a major in Clinical Management & Leadership requires successful completion of 120 credit hours, including at least 60 credit hours of GW coursework:

**Transferable Coursework**

HCQ 6203 Quality Improvement Science in Health Care
HCQ 6204 Health Care Quality
HCQ 6205 Patient Safety Systems
HCQ 6275 Change and Leadership in HCQ

**Graduate Research Courses**
HSCI 6270 Research Methods for Health Professionals I
HSCI 6271 Research Methods for Health Professionals II

**Elective Course**
Chosen with advisor

Credit for HSCI 6223, HSCI 6240, and HSCI 6241 is applied to both the BSHS and MSHS degrees.
THROUGHOUT THE PROGRAM STUDENTS WILL

• Develop interdisciplinary management skills necessary to manage clinical and health care organizations.

• Develop a personal leadership philosophy and framework for providing leadership to teams and organizations.

• Acquire strategic thinking and planning skills to engage and lead inter-professional teams, within the broad context of health care delivery.

• Synthesize critical thinking, analytical skills, and effective communications to scientifically lead organizational change in health care institutions, with a strong focus on establishing a quality culture.

• Utilize research methodologies to inform strategic healthcare management decision making.

• Demonstrate proficiency in communication skills necessary to manage and lead effectively.

• Integrate national quality standards and best practices with information technology to effectively support quality assurance initiatives in health care settings.

• Demonstrate proficiency in research and written communication skills to conduct and publish work capable of driving excellence in clinical and operational decision-making.

• Evaluate and utilize quality and patient safety improvement methods to systematically elevate the quality of health care delivery in and across organizations.

Apply for Admission

ADMISSIONS REQUIREMENTS
All applicants are required to complete an online application as well as submit the following supporting documents:

• Official transcripts from all previous academic institutions
• One letter of recommendation
• Current resume
• A statement of purpose

Admitted students may begin their course of study during the Spring, Summer, or Fall semester.

COSTS AND FUNDING
Current information concerning tuition, fees, and other estimated expenses can be found at colonialcentral.gwu.edu.

Students who are on active-duty are eligible for a special military discount tuition rate. Please contact the program office for further information.

REQUIRED TESTS
The program does not require the submission of an entrance exam. Applicants whose native language is not English or who are not citizens of countries where English is the official language are required to submit scores from either TOEFL or IELTS. Please visit the Admissions website for more detailed information.
