The Master of Science in Health Sciences (MSHS) in the field of Clinical Management & Leadership (CML) prepares health professionals from a variety of clinical disciplines for leadership positions in all sectors of the health care delivery system. Delivered online and designed to be completed part-time by working professionals, the program of study provides students with the leadership, strategy and entrepreneurial knowledge skills needed to handle management issues in a rapidly changing health care marketplace. Graduates of the program have the capacity and demonstrated competence to be successful in mid-level and upper-level management positions throughout the health care industry.

MSHS IN CLINICAL MANAGEMENT & LEADERSHIP
Students in the MSHS in CML Program must successfully complete 36 credit hours. These include: 6 credit hours in research, 9 credit hours of strategic leadership, 18 credit hours of CML courses, and a 3 credit hour elective.
