Add Quiz Questions to Panopto Recordings

Prerequisite
Panopto is Installed: This tutorial assumes you have already installed Panopto on your computer. If you need instructions on installing Panopto, please see the tutorial on that topic.

Panopto has been linked to your target course: If you are recording for an existing Blackboard course, Panopto must be linked to that course. If you have been given a folder into which you are expected to record, you can skip this requirement.

You have uploaded or recorded a video in Panopto. [TEST WITH CAPTURE AND .IT]

Add Quiz to Video
Navigate to the video to which you would like to add a quiz. Hover over your video name and click Edit, (see below).

Another way to start editing is to click the edit icon above the video, while you are viewing it, (see below).

Once in editing mode,
1. Place the playbar in the timeline where you would like the quiz to appear, (see below).
2. Click the plus (+) icon above the timeline.
3. Choose Add a quiz.

1. Choose which of the four types of questions you will use, (see below).
2. Type or cut and paste questions, answers and overall feedback and ensure the correct answer radio button is selected.
3. Click Done below the answers
4. Click Apply at the top of the page.
You are then presented with quiz settings.

The Student view is presented below according to these settings. The student chooses an answer and clicks Finish.

If you have allowed for Review the student can click on the Review button.

The Student can see the correct answer and an explanation of why that answer is correct and the others are incorrect.
Quiz

What is your favorite color?

- Slate
- Indigo
- Fuchsia
- Periwinkle

Explanation

Indigo is simply the best color and the others are inferior.
