You will have opportunities to meet faculty from the past and present, interact with our current medical students, and learn how we are preparing our students for the ever changing medical and health care landscape. The best part of this weekend will be the many opportunities you will have to renew friendships, swap stories and reminisce about your days in medical school at GW. Additionally, the reunion classes have been challenged to "Come Back, Give Back." The class with the most participation, in both attendance and giving, will be recognized at the class dinner on Saturday, September 26. Will you accept the challenge?

More than ever, GW is graduating caring, responsible and respected clinicians and healthcare professionals who are making a difference in the quality of healthcare in their communities and around the world. I look forward to visiting with you, hearing your stories and watching you enjoy the camaraderie that was so important to your medical school experience. Please plan to join us in September. Your class reunion won’t be the same without you!
