The Digest - GW Clinical Enterprise

1. Today, hundreds of health care providers gathered for a 10-minute moment of silence in remembrance of George Floyd, including many members from our own GW Clinical Enterprise community. The event was held by White Coats for Black Lives, a medical student-run organization with the mission to dismantle racism in medicine and promote the health, well-being, and self-determination of people of color. GW School of Medicine and Health Sciences is home to a chapter of this organization.

2. The GW COVID-19 drive-thru testing site at 20th and H Streets, NW will cease operations next Thursday, June 11 due to decreased demand.

The drive-thru testing site was set up ten weeks ago as a partnership between the GW MFA, GW University and GW Hospital to meet testing needs in the District of Columbia and has been staffed by GW providers, staff, medical students and residents.

We want to thank everyone in our GW medical community for pulling together to help us stand up the drive-thru testing and keep it operational during the height of the pandemic.

GW MFA will continue to operate its walk-up COVID-19 testing tent at 22nd and I Streets, NW. Testing is available at that location Monday-Friday from 8:30 a.m. to 3:30 p.m, with ordering instructions here. GW’s Immediate and Primary Care sites will also have COVID-19 testing available. For more information go to www.gwdocs.com/ipc.
