3. **Mask or Face Covering in Ross Hall and SEH 8th Floor**: We understand that there has been some confusion around the use of masks in Ross Hall and on the 8th floor of the Science and Engineering Hall.

    Per the DC Mayors Order, published on May 13, 2020, an individual living in, working in, or visiting the District shall wear a mask or face covering when engaged in: essential and minimal basic operations of business when persons are in the presence of other persons (e.g. a mask is not required when someone is working alone in an office). Additionally, all essential businesses must require their employees or independent contractors to wear face masks.

    Please find a copy of the Mayor's Order linked here. You can refer to section "III a" and section "IV" to reference the District's guidance.

    We are committed to the safety of our community, and therefore, we ask that each person adheres to the guidelines set up by the D.C. Mayor's office.

    We appreciate your cooperation.

4. We have heard from members of our community that they want to support our mission during this time of need. The **GW COVID Response Fund** was established to support the work of our faculty, staff, and students during this crisis.
