

GWUH Resident and Fellow Onboarding Steps

The onboarding process is more efficient when onboarding forms and vaccination records are emailed prior to your appointment. **Please email these records to avoid delay on the day of your onboarding.** The onboarding appointment can take up to an hour.

Send an e-mail to employeehealthservices@gwu-hospital.com with completed **Onboarding Forms** and **Immunization Records**. Please e-mail **as soon as possible**.

The following immunizations, titers and Tuberculosis test are required for employment. Should you be missing any of the following, we can complete them for you on the day of your Employee Health visit.

- Proof of **positive** immunity for **Hepatitis B**
- Proof of **positive** immunity for **Measles**
- Proof of **positive** immunity for **Mumps**
- Proof of **positive** immunity for **Rubella**
- Proof of **positive** immunity **or** 2 documented vaccines for Varicella
- Proof of completed COVID-19 vaccine series (2 doses for Moderna/Pfizer, 1 dose for JnJ)
- Proof of Influenza for the 2021-2022 season (August 2021-Present)
- Proof of Tetanus (TDAP) vaccine received in the **last 10 years**.
- Proof of **Negative** QuantiFERON tuberculosis blood test completed within **6 months** from start date.

The onboarding process will consist of:

- Review of immunizations and titers
- N95 Fit Testing
- Color blind test
- Hand Hygiene education
