1. **COVID-19 Orders in AllScripts TouchWorks** - There are two updates to the electronic COVID-19 orders in AllScripts TouchWorks:

   1. **COVID-19 Folder** - A new COVID-19 folder contains a set of frequently used COVID-19 related laboratory test orders. This is inclusive of both the serum antibody tests as well as the mucosal swab, PCR.

   2. **Pre-Procedure COVID Testing** - For patients having ambulatory procedures in MFA buildings, please use the TouchWorks order "Pre-Procedure COVID Testing" for the MFA Testing Tent, which will direct the COVID-19 test to the GW Hospital for test results in about 48 hours. For all other patients, use the "COVID-19L" order which directs the COVID-19 test to LabCorp for results in about 7 days.
