

Updated: Alternative Lodging Options

With the COVID-19 pandemic evolving rapidly, our priority remains the health and safety of our patients and our caregivers. We recognize that uncertainty about the future of this pandemic is causing profound disruption in our personal lives, as well as fear of what the future may bring for you and your loved ones.

The GW Medical Enterprise has been working with a number of local hotels to offer discounted room rates. If you are **healthy** and would simply prefer to stay close to the hospital/medical enterprise or if you have a loved one who may be more vulnerable to the effects of COVID-19 exposure, taking advantage of these reduced rates may be a good option for you. [Please find these options here.](#)

If you are **unwell** and you need to make lodging arrangements through the GW Hospital Command Center, please call 202-715-4242.

While you are continuing to provide such a high-level of care for our patients, we want to make sure each one of you is taking care of yourself. We are so grateful for your commitment to serve our patients in these unsettling times. We will do our best to support you as we prepare for the work ahead.
