SMHS Quick facts:
• Established in 1825, GW School of Medicine and Health Sciences is the 11th oldest medical school in the United States. The School of Medicine was dedicated in 1904 and the Health Sciences programs were introduced in 1972.
• There are five basic sciences departments, 15 clinical departments, and three health sciences departments.

MD Program facts:
• 712 medical students
• 37 residency programs
• 431 medical residents and fellows
• 1,023 full-time and 2,038 part-time/voluntary faculty members

Health Sciences Program facts:
• 1,025 health sciences students
• 33 full-time and 223 part-time health sciences faculty members

GW International Medicine Programs
Serving more than 7,000 health care professionals through approximately 120 partnerships in over 45 countries, The Office of International Medicine Programs (IMP) is dedicated to contributing to the SMHS mission of improving the health and well-being of our local, national, and international communities. For almost two decades, we have cultivated global partnerships to create transformational mutual exchange in medical education, research and practice.

GW SMHS Research Centers and Institutes
SMHS is home to many research centers and institutes, each providing cutting-edge investigations into specific areas of medicine and biomedical sciences.

**SMHS Research Priorities**

**Cancer**
SMHS is expanding its focus on cancer through enhanced clinical services and research.

**Tropical Medicine and Infectious Disease**
With new leadership in the Department of Microbiology, Immunology, and Tropical Medicine, there is an expanded focus on HIV/AIDS research and development, vaccine research and development, and tropical and emerging infectious disease.

**Neuroscience**
Through collaboration and expansion into neuroscience, GW SMHS is expanding its focus into developmental neuroscience, autism, and other important neurological diseases.

**Clinical Partners**

**GW Hospital**
GW Hospital serves as a teaching hospital for SMHS medical students and residents. It is jointly owned and operated by UHS (80%) and The George Washington University (20%). The hospital is a multidisciplinary, tertiary care hospital renowned for breast care services, surgery, cancer care, cardiovascular care, emergency medicine, OB/GYN services, and orthopaedics.

**The GW Medical Faculty Associates**
The GW Medical Faculty Associates has 800 physicians who provide comprehensive patient care in 51 medical and surgical specialties. As SMHS faculty members, the GW MFA physicians serve as teachers and mentors for medical students, residents, and researchers. Additionally, the Dr. Cyrus and Myrtle Katzen Cancer Research Center, the GW Heart and Vascular Institute, and the GW Breast Care Center are headquartered at the GW MFA. The GW MFA is a separate 501©3 corporation.

**Children’s National Medical Center**
Children’s National Medical Center (Children’s National) is the premier pediatric care provider in the Washington, D.C., metropolitan area. Children’s National is home to the SMHS Department of Pediatrics and the Department of Integrative Systems Biology. GW sponsors two residency programs at Children’s National and 10 fellowships. GW and Children’s National are partners on an NIH Clinical and Translational Science Award.
