

ONLINE COURSE

Cancer Center

Addressing the Need for LGBTQ-Affirming Cancer Care:

A Focus on Sexual and Gender Minority Prostate Cancer Survivors

A no-cost online training from
the George Washington University (GW)
Cancer Center's Online Academy

OVERVIEW

This training walks participants through:

- The unique health needs and challenges faced by sexual and gender minority (SGM) patients
- A special focus on the cancer needs of gay, bisexual and transgender prostate cancer survivors
- Strategies for providing inclusive, culturally sensitive and affirming care

LEARNING OBJECTIVES

Participants will be able to:

- Identify interpersonal and institutional determinants that lead to LGBTQ or SGM health inequities
- Describe the unique needs of SGM prostate cancer patients, survivors and their caregivers
- Identify affirming and culturally sensitive strategies for working with SGM prostate cancer patients, survivors and their caregivers

AUDIENCE

Health care providers, social workers and other public health professionals can all benefit from this training. Visit our website to learn more about continuing education credits offered.
