What do you need?	How we can help	Who to contact
Help with Blackboard	Himmelfarb librarians can help with many BlackBoard features including the use of the webinar software (Collaborate) as well as creating tests/quizzes and discussion groups. For further assistance with Blackboard, contact GW campus Instructional Technology Lab (ITL).	Tom Harrod (tph@gwu.edu) Campus ITL (202-994-0485 / itl@gwu.edu)
Webinar support	**Blackboard Collaborate** – this program is available to all faculty with access to BlackBoard through GW. This program allows you to set up and run webinars. Another feature is the ability to invite guest speakers who are not affiliated with GW.	Tom Harrod (tph@gwu.edu)
Record online lectures	**Camtasia** – available on select computers in the Himmelfarb Library, will allow you to make a video capture of your slides or other computer-based content and record an accompanying audio track. You can also embed quizzes which report back to you via email.	Tom Harrod (tph@gwu.edu)
Record class lectures	**Panopto** - this software is installed in the many of the instructional rooms in Ross Hall. It will record your slides and what you and your students say during class, as well as videotape you during the session.	Meghan Foster (mdfoster@gwu.edu)
Medical images for course materials	**Image Databases** – the Himmelfarb Library subscribes to numerous resources which contain medical images for use in course materials – these include Access Medicine, Clinical Key, among many others.	Laura Abate (leabate@gwu.edu)
Incorporating journal articles and e-texts into Blackboard	**Durable Links** – to properly link to electronic materials to which Himmelfarb subscribes, you will need to create durable links. These are special URLs that allow users to directly and easily access these materials on and off campus. Check this guide for more direction: http://libguides.gwumc.edu/durablelinks	Laura Abate (leabate@gwu.edu)
Record audio: class lectures, presentations, introductions, instructions	**Digital Voice Recorders** – Himmelfarb loans out digital voice recorders which allow you to create audio recordings that can be quickly uploaded to your computer and shared via BlackBoard or email.	John Lopez (jlopez@gwu.edu)
Equipment to support Camtasia, Panopto, Skype, webinars, and other applications	**Webcam Kits** – the Himmelfarb library loans kits containing a webcam, tripod, and USB extension cable to support a variety of recording situations. **Headphones w/ Mic, Webcams, Digital Camcorders, and Tripods**	John Lopez (jlopez@gwu.edu)
Finding practice cases	**Medical Cases** - the Himmelfarb Library has access to a wide variety of software and online content with associated practice medical cases.	Laura Abate (leabate@gwu.edu)
Using TurningPoint	**TurningPoint** - the Himmelfarb Library has software to create powerpoint presentations with embedded TurningPoint audience-response questions.	Laura Abate (leabate@gwu.edu)
